

Introduction to The High Street Centre and Get Active Childcare

High Street Centre

Get Active after school childcare is located within The High Street Centre at Rawmarsh. The High Street Centre is a dynamic community hub that provides great facilities for meetings, activities, conferences and events. With the benefit of a local setting, The High Street Centre hosts a range of opportunities for local people of all ages delivered by a dedicated team of staff and volunteers.

Get Active

Get Active is a project based at the High Street Centre. Opening in January 2012 the after school childcare provision is available for children in school years FS2 to Y6. The team will collect children from school at the end of the day. We have reliable transport in the form of minibuses and taxis. The staff team split into 2 teams to collect the children as efficiently as possible from all the local schools. The staff in the junior and infant schools in Rawmarsh are familiar with our collection system and through excellent communication we ensure schools know which children are being collected on each day.

Activities

At Get Active our main aim is for the children to have fun in a stimulating and safe environment! We have a wide range of activities and resources available for the children to enjoy. Daily activities are planned around seasonal themes, areas of development and children's ideas.

Activities include lego, wii games, crafts, baking, film nights, role play, board games and physical activities. We also allow the opportunity for free play. Whilst having fun we also promote independence. Children are encouraged to make their own snack, from buttering their own bread to making silly fruit faces!

The children are at the centre of our care and it is important to Get Active that the children have a place to reflect, relax and to express themselves. Each child has their own Diary which they can fill in daily and we encourage them to put in photos. Our children are encouraged to take their own photos and have lots of fun taking "selfies" with the centre camera.

We hope you choose us as you're after school childcare provider. We have many children who have lots of fun, come and join us. We welcome visits, but please book in advance so that we can ensure the correct staff are available to give you all the information you need.
