

# The High Street Centre

## Reception Update

*Happy New Year*

*January 2021*

### Work Nearing Completion

Since starting work in July TH Michaels (Construction) Ltd have made excellent progress and work on the new reception extension is nearing completion.

When work is finished visitors will be able to access the new meeting room, hall, lift, front staircase, office and the back corridor from the new reception space and it will provide a light bright entrance area as the photograph above shows—providing plenty of space to keep socially distant.

The next stage will be to complete the ramp and flooring etc.—work is due to complete during February. When the builders have left we will be having a new reception desk installed and will be welcoming a new member of staff to the team on 18 February who will be joining us as Reception Support Officer.

Thanks to the generosity of local people and funders across the country we are getting the building work done at a time when the building is much quieter than usual due to lockdown restrictions. Please keep safe and we look forward to having the building full again.
